

Drama Club "Took It With"

"You Can't Take It With You" was presented by the Drama Club on May 18, 19 and 20, in the newly completed auditorium.

It was the story of an eccentric family and the trouble their daughter has in being accepted by her "ordinary" fiance's snobbish parents.

The play, directed by Mr. Patrick Sheehy, was enthusiastically by the audiences despite the fact the cast had only two practice sessions in the new auditorium.
